Prospectus 2017-19

About the College:

Panskura Banamali College (affiliated to *Vidyasagar University*) was accredited with grade "A" by NAAC in the year 2005. Our college is the largest college in rural Bengal in terms of strength of students and the number of subjects taught at the undergraduate and postgraduate levels. The college campus consists of a lush green football ground, flower gardens, several large buildings, general auditorium, gymnasium, students' hostel, bank, students' canteen, cycle stand, teachers' accommodation, Principal's quarters *etc.* Currently, an attempt is being made to revamp the outlook of the college by painting all the buildings and major repair works. New constructions for cycle stand, separate library building, swimming pool, indoor stadium, girls' hostel inside the extended campus, opening of a canteen with modern facilities and subsidized food, digital cataloguing of library books and journals, air conditioned library reading room, photocopy facilities for students and to provide better class room facilities with LCD projectors and ceramic boards *etc.* are in offing.

At our college, a wide variety of subjects are offered at the **undergraduate (UG)** level. The **postgraduate (PG) courses** are offered in *Computer Science* and *Chemistry*. From the session 2013 -14, PG courses have been introduced in a couple of other subjects: *Physics*, *Mathematics*, *Geography*, *History* and *Bengali*. The courses in relatively newly emerged

non-traditional subjects like *Microbiology, Biotechnology, Electronics, Computer Science and Computer Applications* are running successfully for several years now. Teachers' Training courses (**B.Ed.**) and Training in Physical Education (**B.P.Ed.**) are also two important directions at this Institution. The classes run in *day, morning* (extended day) and *evening* shifts. In the evening shift, **Commerce** subjects are taught at the honours level. Education honours and general courses in Arts subjects are taught in the morning shift. Our college receives a well-mixed pool of students from rural and urban areas. Our students come out with flying colours and they do well in further higher studies. Many of our students excel in Research works and in high profile jobs all over the country and abroad.

A Golden History:

Our College celebrated its **Golden Jubilee** in the year 2010 through various cultural functions, series of seminars in different departments *etc.* The foundation stone of our college was laid on 14th of December, 1960. Following the long cherished dream of the local people and their concerted efforts for opening up a degree college, a wealthy and cultured person of this soil, *Late Banamali Charan Khatua* showed his love for spreading higher education by undertaking the responsibility in developing a college building on its present site. The land was donated by a local gentleman *Late Hasmat Ali Khan* and his co-sharers. The college eventually came to be named as 'Panskura Banamali College' after its principal donor and this continues to be a unique symbol of aspiration for higher education and excellence at the locality.
